**Not Applicable**

**Q4**

Will your Head Start program be offering in-person supplemental summer programming for rising Kindergartners as a part of CARES Act Funding?

**Yes**      Although we did apply for the summer program we are still unsure as to whether we will be offering in-person services. We are preparing as required through state licensing by completing training, purchasing PPE, and getting sanitation schedule in place. We did answer "yes" because an answer is required. We just wanted to clarify.

We completed the survey, but it did not capture the full picture of our plans. For example, we have different plans going for different sites, multiple options for starting in blended school district plans. On the survey I could only choose one. On the summer program question, we still may be able to offer some in-person but school districts have not made the decisions whether that will be an option for us yet. Also there was no option for summer distance learning option.
